

K. ISRAEL PAUL

Full Stack Web Developer | Software Engineer | Backend Engineer

israelpaul.k@gmail.com 93848 88686 linkedin.com/in/israel-paul-1b6034273 github.com/I-paul

OBJECTIVE

Software engineer with hands-on experience in full-stack web development, backend engineering, and RESTful API design, specializing in building scalable, maintainable, and performance-driven applications. Proficient in Python, Java, and JavaScript, with experience using React, Node.js, Express, and modern databases such as MongoDB and PostgreSQL. Seeking to contribute to high-impact software systems through strong problem-solving, system design fundamentals, and collaborative development practices.

EDUCATION

B.Tech in Artificial Intelligence and Machine Learning

St. Joseph's College of Engineering

Expected May 2027

Chennai, Tamil Nadu

EXPERIENCE

Web Developer Intern

Frost & Sullivan

June 2025 – September 2025

Chennai, Tamil Nadu

- Developed and optimized React and Node.js applications, improving UI responsiveness by **60%** and reducing load time by **1.4s**.
- Implemented custom animations, increasing user engagement metrics by **15%**.

PROJECTS

Newsletter

React, Tailwind CSS

June 2025

- Created production-ready newsletter frontend with modular JSON-driven components handling over **30+ daily interactions**.
- Built mobile-first responsive UI with Tailwind, reducing stylesheet size by **80%**.

Social Media Memes Platform

React, Node.js, MongoDB, Express

May 2025

- Built full-stack platform with secure user authentication, posts, and comments.
- Designed responsive layouts with Framer Motion, improving perceived UX smoothness by **20%**.
- Engineered REST API and streamlined MongoDB schemas, reducing query latency by **10%**.

Secure-AI (CCTV Monitoring Platform)

React, Node.js, Firebase, Express

March 2025

- Developed multi-camera monitoring system with real-time object tracking using PyTorch + OpenCV.
- Built user authentication with Firebase Auth and designed enhanced Firestore structure.
- Created intuitive UI enabling seamless camera switching with zero downtime.

TECHNICAL SKILLS

- Languages:** Python, Java, JavaScript, SQL
- Frameworks:** React, Node.js, Express, Tailwind CSS, Firebase
- Databases:** PostgreSQL, MongoDB, Firebase Firestore
- Tools:** Git, VS Code

ACHIEVEMENTS

- 1st Place** — ProjectFest, St. Joseph's College of Engineering (2024)
- 2nd Place** — Techno Impact IEEE Hackathon, Sairam Engineering College
